DETAILED ACTION

Status of Claims

Claims 42-63 are currently pending in the application.

Receipt is acknowledged of amendment / response filed on August 17, 2006 and that has been entered.

Claims 58-63 are withdrawn from further consideration pursuant to 37 C.F.R. 1.142 (b) as being drawn to a non-elected subject matter.

Applicant's response / arguments have been fully considered and found persuasive with respect to the rejection of claims 42-49 under 35 U.S.C. §103 (a) and the rejection is hereby withdrawn.

Applicant's arguments have been fully considered and found persuasive with respect to the rejection of claims 42-49 under the judicially created doctrine of obviousness-type double patenting over claims 1-4 of US 6,251,923 and the rejection is hereby withdrawn. In view of a fair interpretation of the claims, the Examiner will rejoin the process for preparing claims, claims 50-57 to the elected invention, because they fall within the scope of elected invention and therefore, the restriction requirement has been withdrawn and all remaining pending claims 42-57 are now allowable over the prior art of record.

Authorization for this examiner's amendment was given in a telephonic interview with Mr. James Crawford on September 14, 2006.
